

# animal artwork

At Oglebay Good Zoo our keepers work to provide psychological stimulation to the animals in their care daily through environmental enrichment. This involves adding novel activities to the animals' daily routine. One form of enrichment that we utilize for the animals to express themselves is animal paintings. All paints are non-toxic for the animals.

We offer paints and canvas to some of our animals, for them to produce unique works of art. Every original painting is very different from the next. Proceeds from the sale of animal artwork benefit the care of the animals here at the Good Zoo.

The following species paint with our keepers regularly and now you can purchase their artwork!

Meerkats, serval, lemurs, Andean bears, emus, snakes, African giant millipedes, hissing cockroaches, three-banded armadillos, opossums, skunks, and red pandas!

**Prices:**    5"x7": \$25    8"x10": \$50    11"x14": \$75    16"x20": \$100
